PROFILE

I am a highly motivated, hardworking, reliable, and responsible individual who has great attention to details and problem-solving skills. I have a passion for learning and am always looking for opportunities to expand my knowledge and skillset. I am confident that I can bring value to any team or organisation I join, and I am looking forward to the opportunity to do so.

WORK EXPERIENCE

Junior Full-Stack Web Developer

(Jul 2022 - Present)

IceBubble Ltd, London UK

As a junior full-stack web developer, I'm responsible for code, troubleshooting and performance optimisation using C#, ASP.NET, HTML, CSS, JS & other web dev languages. I also collaborate with other team members to ensure a successful delivery of projects.

- Troubleshooting, debugging, and upgrading existing software.
- Design, develop, and maintain websites and web applications.
- Create website user interfaces, databases, and server-side application logic.
- Integrate APIs and other third-party services into web applications.
- Monitor website and application performance and provide technical support.

Catering Assistant

(Mar 2018 - Sep 2020)

CH&Co Ltd, London UK

As a catering assistant, I was responsible for preparing and serving food and drinks for events. In addition, I collaborated with the catering team to ensure a seamless experience for all guests.

- Set up and break down events according to customer specifications.
- Prepare and serve food and beverages at events.
- Assist in event planning and preparation.
- Ensure adherence to health and safety regulations.
- Transport and store equipment and supplies.
